ACAP PROFILE for Marion Gottlieb

Professional Background

I have over 25 years of experience in health insurance. I started my career with Horizon BlueCross and BlueShield of NJ in 1991 as a claims correspondent then in training-related positions. In 2003, I joined NASCO, a healthcare payer solutions company exclusively serving Blue Cross and Blue Shield Plans with benefit, membership and claims processing solutions. This provided me with a unique perspective into the systems developed to administer health insurance for Corporate, Federal, and Consumer markets. I started Marion Gottlieb Consulting to help people with the overwhelming chore and frustration of reconciling medical bills.

What Qualifies me to be a CAP

My extensive background in medical, hospital and dental terminology, coding and processing combined with health insurance systems, benefit administration and processing expertise enables me to troubleshoot claim coding and processing issues as well as navigate internal policies. My personal experiences, coupled with my training and consulting experience aid me in educating customers while assisting them.
